EMIE is inviting you to the incoming online policy event where we will be reflecting on the European Commission's initiative on Pathways to School Success. With a constructive spirit, the EMIE Platform has released a [Position Paper](#) signed by 36 independent education organisations who act as stakeholders to the EU policy initiatives. With this event, it is our imperative to raise the voice of such stakeholders, including parents and non-governmental schools.

MODERATION

Dora Simunovic, [ECSWE](#)
