Internationalism

Our school attracts students from all over the world, creating a diverse learning environment.

Innovative Programs

We offer unique teaching programs that combine tradition with modern educational methods.

Cooperation

We build partnerships with local and international institutions to enrich student experiences.

Teacher Professional Development

1

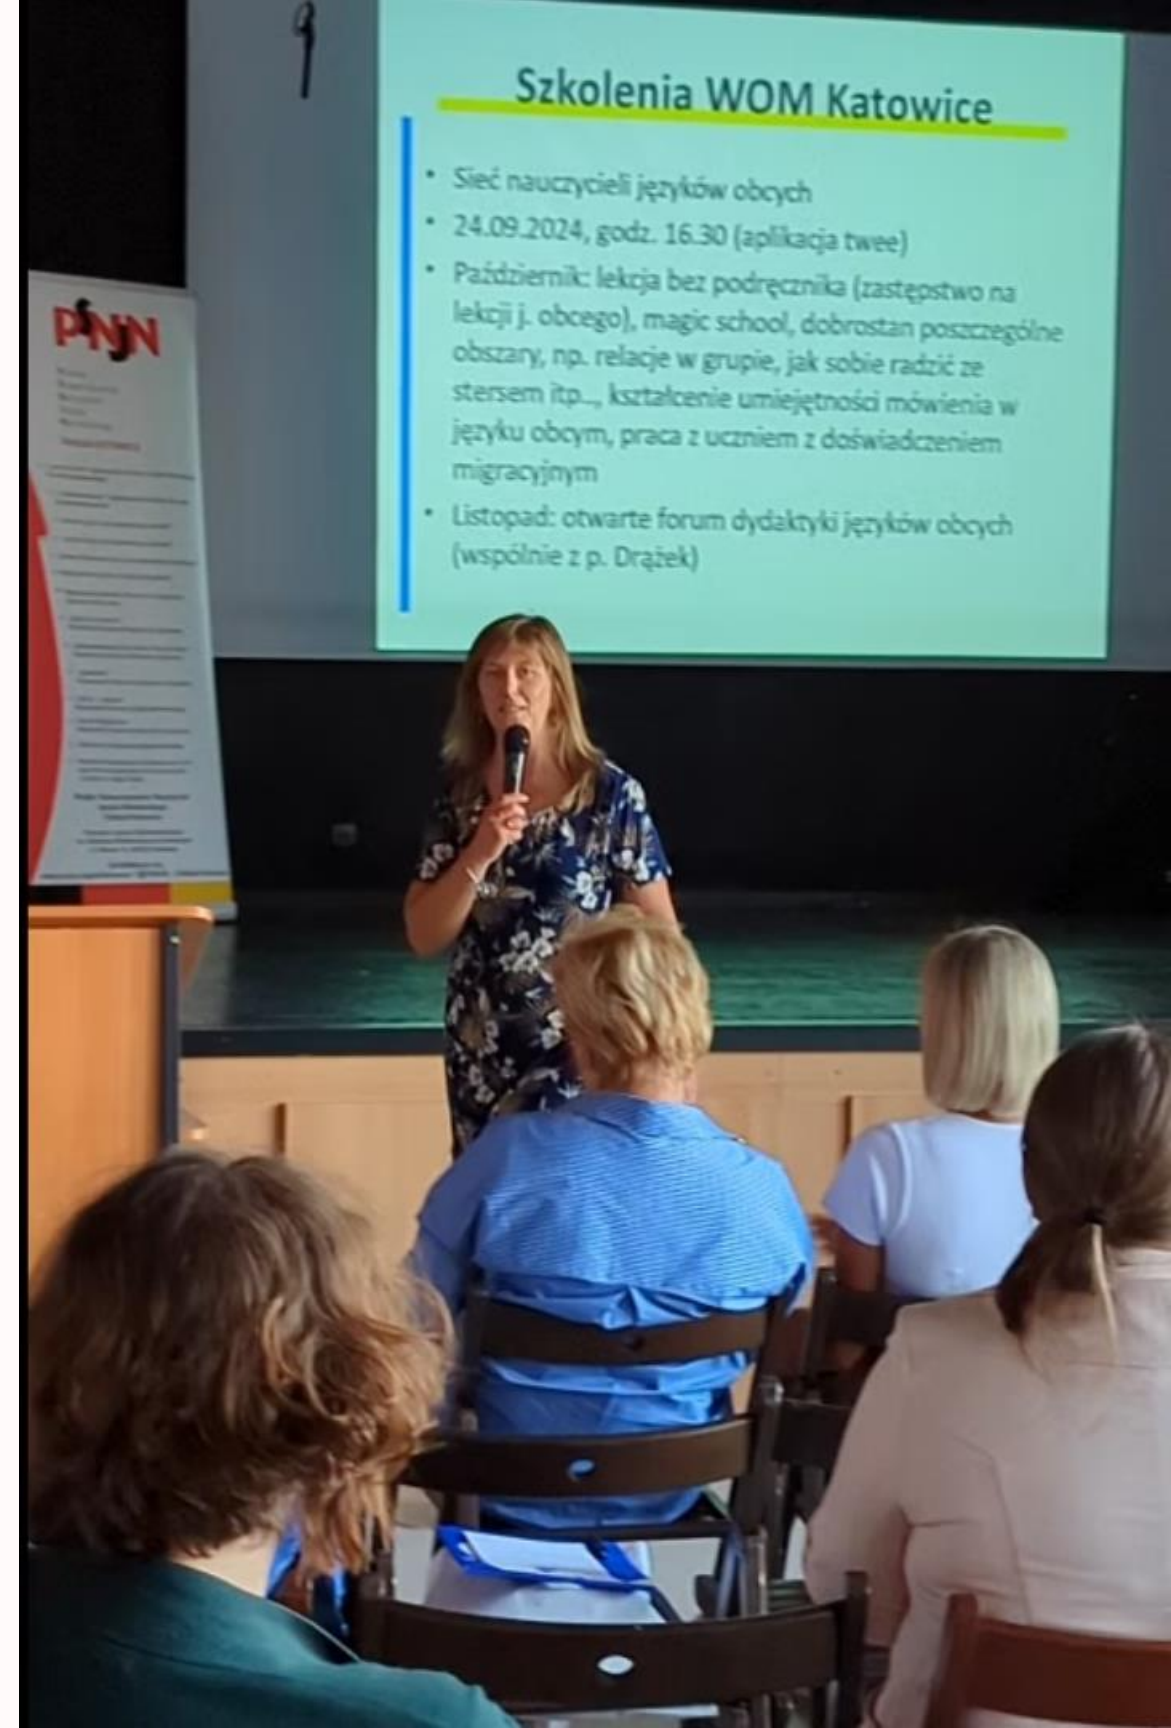

Training at the beginning of the year

Teachers participate in training at the beginning of the school year regarding changes in education and the use of new technologies.

2

Connected Learning

We co-create and use the Connected Learning project in teaching, combining traditional methods with technology and practice and participating in online meetings with the international community.

International Programs

Erasmus+

We participate in the Erasmus+ programme, enabling the exchange of experiences and cultures between European schools.

International Exchanges

We organize regular exchanges of students and teachers, broadening horizons and building international friendships.

UNESCO

We are involved in UNESCO projects, such as the Baltic Sea Project. We are a member of the UNESCO Associated Schools.

Psychological Support for Students

Sensory Integration

We offer specialized sensory integration classes, supporting students' perceptual and motor development.

Physiotherapy

We provide professional physiotherapy care, ensuring the proper physical development of our patients.

Tomatis Therapy

We have introduced the innovative Tomatis therapy, supporting the processes of learning and concentration.

Biofeedback

We use biofeedback techniques to help students regulate their emotions and reduce stress.

Social and Scientific Projects

1

Released from Theory

Students implement their own social projects, acquiring practical management and entrepreneurship skills.

2

The Great Orchestra of Christmas Charity

We actively support the Great Orchestra of Christmas Charity, teaching empathy and social involvement.

3

e(X)plory

We participate in the e(X)plory scientific competition, developing research passions and innovative thinking.

4

Implant Yourself Health

We run health campaigns promoting a healthy lifestyle among young people.
